

40 WHS

High-wall Carrier Air Conditioning split system

Carrier offers real choices for
efficient and reliable home comfort

HIGH-WALL SPLIT AIR-CONDITIONER – 40WHS

40WHS is a high efficiency air conditioner, conceived to offer great value for money in terms of comfort and performance. Its high reliable and quiet operation, combined with a simple design, complete the profile of this cost-conscious solution, to meet everyday comfort needs.

High-efficiency

A++/A+ efficiency class

High comfort and energy-saving in all seasons.

Compact and robust design

With its 770 mm width, the indoor unit can be located also above a door to save space in the house, while the outdoor unit features an anti corrosion treatment for a longer life.

Quiet operation

Offers high levels of acoustic comfort, thanks to specific functions:
outdoor unit: down to 44 dB(A);
indoor unit: down to 19 dB(A).

Year-round comfort

Operating in a wide temperature range:
from -15°C to +46°C in cooling;
from -15°C to +24°C in heating.

Inverter technology with modulating power

Adapts the power output to the temperature room, to optimise consumption.

A wide and flexible range

40WHS comes in 6 sizes from 2.0kW to 6.5kW in split type configuration.

Refrigerant R32

Refrigerant R32 (GWP=675) has a lower environmental impact than traditional refrigerants^(***) and meets the greenhouse emissions phase-down requirements, according to EU F-gas Regulation.

Carrier participates in the ECP program for Comfort Air Conditioners (AC)

SPECIAL CLEANING FEATURES FOR AIR QUALITY AND EFFICIENCY

With 40WHS, air quality is the only option. The coil of the internal unit boasts a special coat helping to prevent dust and water from sticking to the coil, so that the air circulating in the unit is kept clean. A clean coil means as well that efficiency is not compromised. Wait there's more, after shut-off, the internal fan of 40WHS is activated for 30 seconds to dry the moisture of the coil and keep it clean, to maximise efficiency and performance.

MANAGE YOUR COMFORT SIMPLY AND INTUITIVELY

40WHS is supplied with an intuitive infrared remote control with many functions that you can select to customise your comfort, according to your lifestyle.

- ECO-MODE
- 24 h ON-OFF TIMER
- COMFORT SLEEP
- QUIET MODE (IDU)
- SILENT OPERATION (ODU)
- 8°C HEATING
- DEFROSTING ON DEMAND

Via an optional wireless adapter, 40WHS can become smart. When you are at home, activate the smart mode and manage your comfort via the **Carrier in the Air App**, allowing you to stay connected with your air conditioning system also when you are away from home. This user-friendly App is compatible with Google Home Assistant and Amazon Alexa.
